

Glynn Middle School

Daily Agenda - Lesson Plan

Teacher	Brockman/Marshall/Pinkney/Cothren/Trapnell/English/Freeman
Date	August 29, 2024 Module 2 Lesson 14 On Level/Advanced
Learning Target	Students will: <ul style="list-style-type: none">● Solve real world problems by performing operations on multi-digit decimals● Multiply multi-digit decimals.
Success Criteria	Students can: <ul style="list-style-type: none">● Discover patterns in multiplication of decimals when either a factor or a product is fixed.● Reason about the place value of the digits in the product of two decimals.● Order multiplication expressions from least to greatest by using patterns in the factors.
Activity/Assignment with Text/Links	Fluency check: Multiply Decimal Fractions/I DO: 2 problems in class pages/WE DO: Complete class pages together/INDEPENDENT: Student pages 181-185/Exit Ticket page 177 /IXL Assignments I. 2, I. 3. M. 2,, Differentiation: 5th Grade DD.3/(all work not completed in class is assigned as homework) Extended Activity: <ul style="list-style-type: none">● Students will complete a “Decimal Multiplication Challenge” worksheet individually.● The worksheet will include<ol style="list-style-type: none">1. 10 computation problems with varying degree of difficulty.2. Three word problems involving decimal multiplication.3. A section where students create their own word problem involving decimal multiplication computation.
